

WILMINGTON COMMUNITY MEETING

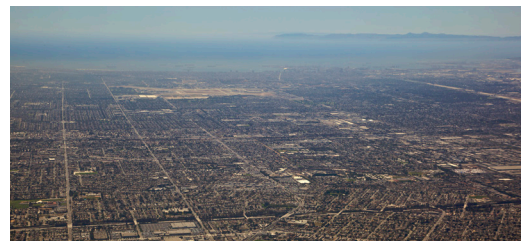

The California Air Resources Board (CARB) invites you to attend a workshop about improving public health in impacted communities. You can ask questions, engage in discussion, and learn more about two CARB programs:

- The AB 617 Community Air Protection Program wants to hear from you about selecting communities, monitoring air pollution at the community level, and reducing air pollution in communities with high exposures to air pollutants.
- The Study of Neighborhood Air near Petroleum Sources (SNAPS) is seeking public input on their community selection process for impacted communities near oil and gas production.

JUNE 26, 2018 6:00-8:00 PM

Banning's Landing
100 East Water Street, Wilmington, CA 90744

More Information

Community Air Protection Program

- Visit ww2.arb.ca.gov/our-work/programs/community-air-protection-program-ab617
- Contact Monique Davis at monique.davis@arb.ca.gov or (916) 322-7304.

SNAPS

- Visit www.arb.ca.gov/cc/oil-gas/snaps/snaps.htm
- Contact Carolyn Lozo at carolyn.lozo@arb.ca.gov or (916) 445-1104.

Additional meetings to be held in Bakersfield, Fresno, Modesto, and Richmond.
