

**REVISED - SCIENTIFIC REVIEW PANEL ON TOXIC AIR CONTAMINANTS  
NOTICE OF PUBLIC MEETING**

The Scientific Review Panel on Toxic Air Contaminants (Panel), established pursuant to California Health and Safety Code section 39670, will hold a public meeting at the following time and place:

DATE: Friday, May 7, 2021  
TIME: 9:30 AM  
INFORMATION: <http://www.arb.ca.gov/srp/srp.htm>; [Lori.Miyasato@arb.ca.gov](mailto:Lori.Miyasato@arb.ca.gov);  
(916) 720-2989

**This meeting will be webcast:** Registration is necessary to view the webcast. To register, please go to: [https://us02web.zoom.us/webinar/register/WN\\_07m6t97FQPSCR\\_R0HL7Qyw](https://us02web.zoom.us/webinar/register/WN_07m6t97FQPSCR_R0HL7Qyw)

This notice amends the agenda to move the following items to a future meeting, tentatively planned for mid-October, 2021:

**AB 2588 Air Toxics “Hot Spots” Emission Inventory Criteria and Guidelines (EICG) regulation.**

Part I. Update on the Amendments to the EICG Regulation

Part II. Prospective Discussion of AB 2588 Program

— AGENDA —

- 1. Welcome and Introductions**
- 2. California Senate Resolution Recognition of Dr. Stanton Glantz’s Contributions to the Scientific Review Panel**  
*Dr. Stanton A. Glantz retired from the Scientific Review Panel for Toxic Air Contaminants in 2020, after 34 years of dedicated service. The California Senate, which appointed him to the SRP’s Biostatistics position in 1986, has recognized his achievements in Member’s Resolution RN 21 50783.*
- 3. Review of “Chromium, Trivalent (Inorganic Water-Soluble Compounds)” – Scientific Review Panel Draft – April 2021**  
*Office of Environmental Health Hazard Assessment (OEHHA) staff will present a draft document summarizing the toxicity and derivation of Reference Exposure Levels (RELs) for Chromium, Trivalent (Inorganic Water-Soluble Compounds). RELs are airborne concentrations of a chemical that are not anticipated to result in adverse non-cancer health effects for specified exposure durations in the general population, including sensitive subpopulations.*

*OEHHA is required to develop guidelines for conducting health risk assessments under the Air Toxics Hot Spots Program (Health and Safety Code Section 44360 (b)(2)). In response to this statutory requirement, OEHHA develops RELs for many air*

*pollutants. More information about the proposed Chromium, Trivalent (Inorganic Water-Soluble Trivalent Chromium Compounds) RELs can be found at:*

<https://oehha.ca.gov/air/document/public-comment-period-and-workshops-draft-reference-exposure-levels-chromium-trivalent>.

**4. Consideration of administrative matters.**

*The Panel may discuss various administrative matters and scheduling of future meetings.*

THE AGENDA ITEMS LISTED ABOVE MAY BE CONSIDERED IN A DIFFERENT ORDER AT THE MEETING

**INFORMATION ABOUT  
THE SCIENTIFIC REVIEW PANEL**

The Scientific Review Panel (Panel) is charged with evaluating the risk assessments of substances proposed for identification as toxic air contaminants by the California Air Resources Board (CARB), the Office of Environmental Health Hazard Assessment (OEHHA) and the Department of Pesticide Regulation (DPR), and the review of risk assessment guidelines prepared by OEHHA. In carrying out this responsibility, the Panel reviews the exposure and health assessment reports, and the underlying scientific data on which the reports are based, which are prepared by CARB, DPR, and OEHHA pursuant to Health and Safety Code sections 39660-39661, 39669.5 and 44360, and Food and Agricultural Code sections 14022-14023. These reports are prepared for the purpose of determining whether a substance or pesticide should be identified as a toxic air contaminant, or as guidelines to be used in preparing health risk assessments. The Panel is also to be consulted in the implementation of Assembly Bill 617 (H&SC sections 42705.5(b) and 44391.2; Chapter 136, Statutes of 2017).

The Panel welcomes written comments or submissions from all parties regarding reports that are under review. Although written comments are accepted up to the day of a scheduled meeting, to assure adequate review the Panel requests that written comments and information be submitted to the Panel Liaison (contact information below) as early as possible prior to a scheduled meeting. The Panel has discretion whether to accept oral public comment. (Health & Safety Code § 39661 subd.(b)). The agenda will inform whether an item is open for oral public comment.

Transcripts to previously held Panel meetings and other information about the Panel can be found through the CARB web site at: <http://www.arb.ca.gov/srp/srp.htm>.

**FOR FURTHER INFORMATION**

For further information regarding the content of the meeting agenda, please contact:  
Lori Miyasato, Panel Liaison, California Air Resources Board, 1001 I Street, Sacramento, CA 95814; Telephone: 916-720-2989; E-mail: [Lori.Miyasato@arb.ca.gov](mailto:Lori.Miyasato@arb.ca.gov) .

If you require a special accommodation or need this document in an alternate format or language, please contact Lori Miyasato at (916) 720-2989 ([Lori.Miyasato@arb.ca.gov](mailto:Lori.Miyasato@arb.ca.gov)) as soon as possible, but no later than 10 business days before the scheduled meeting.

TTY/TDD/Speech to Speech users may dial 711 for the California Relay Service.
