## Notice of Public Meeting to Consider Sacramento County PM10 Maintenance Plan State Implementation Plan Submittal

The California Air Resources Board (CARB or Board) will conduct a public meeting at the date and time noted below to consider approval of the Second 10-Year PM<sub>10</sub> Maintenance Plan for Sacramento County (Second PM<sub>10</sub> Plan).

Date: September 23, 2021

Time: 9:00 A.M.

This public meeting may continue at 8:30 a.m., on September 24, 2021. Please consult the public agenda, which will be posted ten days before the September 23, 2021, Board Meeting, for important details, including, but not limited to, the day on which this item will be considered and any appropriate direction regarding a possible remote-only Board Meeting. If the meeting is to be held in person – in addition to remote access – it will be held at the California Air Resources Board, Byron Sher Auditorium, 1001 I Street, Sacramento, California 95814.

### Background

To protect against the adverse health impacts of exposure to particulate matter smaller than 10 micrometers in diameter (PM<sub>10</sub>), U. S. Environmental Protection Agency (U.S. EPA) first set PM<sub>10</sub> ambient air quality standards (standard) in July 1987, adopting an annual standard of 50 µg/m<sup>3</sup>, and a 24-hour standard of 150 µg/m<sup>3</sup>. In September 2006, U.S. EPA rescinded the annual PM<sub>10</sub> standard and retained the 24-hour standard of 150 µg/m<sup>3</sup>.

Sacramento County was designated as a moderate nonattainment area for the 150 µg/m<sup>3</sup> 24-hour PM<sub>10</sub> standard on January 20, 1994. In response, the Sacramento Metropolitan Air Quality Management District (District) increased enforcement of fugitive dust rules and implemented an aggressive program to reduce emissions from residential wood combustion.

Air quality monitoring data demonstrated that Sacramento County met the 150 µg/m<sup>3</sup> 24-hour PM<sub>10</sub> standard during the three-year period from 1998 through 2000. On the basis of this demonstration, the District adopted a 10-year PM<sub>10</sub> maintenance plan (2010 PM<sub>10</sub> Plan) and requested to be redesignated to attainment on October 28, 2010. CARB approved the 2010 PM<sub>10</sub> Plan on November 18, 2010. U.S. EPA approved the 2010 PM<sub>10</sub> Plan and designated Sacramento County as attainment on September 26, 2013.

Section 175A(b) of the federal Clean Air Act (Act) requires CARB to submit a second 10-year PM<sub>10</sub> maintenance plan showing maintenance for the next ten years. For Sacramento County, the period covered by the second maintenance plan is October 28, 2023, through October 27, 2033. The Second 10-Year PM<sub>10</sub> Maintenance Plan for Sacramento County (Second PM<sub>10</sub> Plan) is scheduled for adoption by the District on August 26, 2021. On September 23, 2021, the Board will consider adopting the Second PM<sub>10</sub> Plan, including requesting U.S. EPA approve the Second PM<sub>10</sub> Plan as a revision to the California State Implementation Plan (SIP).

CARB staff reviewed the Second PM<sub>10</sub> Plan and concluded that it, together with Attachment 1 of the CARB staff report, meets applicable requirements of the Act. Attachment 1 (Summary of Emission Inventory Methodologies) is a necessary element of the Second PM<sub>10</sub> Plan and would be submitted into the SIP as part of the submittal to U.S. EPA if adopted.

## Proposed Action

CARB staff recommends that the Board adopt the Second 10-Year PM<sub>10</sub> Maintenance Plan for Sacramento County and Attachment 1 to the CARB staff report and direct staff to submit them to U.S. EPA as a revision to the SIP.

CARB staff will present a written report at the meeting. Copies of the report may be obtained from CARB's website at [2021 Sacramento County PM<sub>10</sub> Planning Area Second 10-Year Maintenance Plan](#) after August 13, 2021. Please contact Bradley Bechtold, Regulations Coordinator, at [bradley.bechtold@arb.ca.gov](mailto:bradley.bechtold@arb.ca.gov) or (916) 322-6533 if you need physical copies of the documents.

Interested members of the public may present comments orally or in writing at the meeting and may provide comments by postal mail or by electronic submittal before the meeting. To be considered by the Board, written comments not submitted during the meeting, must be received **no later than Monday, September 13, 2021**, and addressed to the following:

Further inquiries regarding this matter should be directed to Ms. Alicia Adams, Manager of the Central Valley Air Quality Planning Section, Air Quality Planning and Science Division at [alicia.adams@arb.ca.gov](mailto:alicia.adams@arb.ca.gov) or Earl Withycombe, Air Resources Engineer, Air Quality Planning and Science Division at [earl.withycombe@arb.ca.gov](mailto:earl.withycombe@arb.ca.gov).

## **Environmental Analysis**

CARB has determined that its subsequent approval of the District's Second PM<sub>10</sub> Plan is a "ministerial" approval for purposes of CEQA (California Code of Regulations, title 14, §15268) because CARB's review is limited to determining if the Plan meets the requirements of the Act, and CARB lacks authority to modify or not approve the Plan in response to environmental concerns, as described in the CARB Staff Report.

## **Special Accommodation Request**

- An interpreter to be available at the meeting;
