

SETTLEMENT AGREEMENT

This Settlement Agreement is entered into between the California Air Resources Board (CARB), with its principal location at 1001 I Street, Sacramento, California 95814; and PPG Industries, Inc. (PPG), with its principal location at One PPG Place, Pittsburgh, Pennsylvania 15272 (collectively, the "Parties," or individually, "Party").

LEGAL BACKGROUND

- (1) **Purpose.** The California Health and Safety Code mandates CARB adopt regulations to achieve the maximum feasible reduction in volatile organic compounds (VOCs) and Reactive Organic Compounds (ROCs) in consumer products. (Health & Saf. Code § 41712.)
- (2) **Regulation.** CARB adopted the *Regulation for Reducing Emissions from Consumer Products* (Consumer Products Regulation) to reduce VOCs (Cal. Code Regs., tit.17, §§ 94507 et seq.) and the *Regulation for Reducing the Ozone Formed from Aerosol Coating Product Emissions* (Aerosol Coating Regulation) to reduce ROCs from aerosol coating products (Cal. Code Regs., tit.17, §§ 94520 et seq.).
- (3) **Regulatory Provisions.** Any person who sells, supplies, offers for sale, or manufactures any consumer product or aerosol coating product for use in California shall comply with the standards set forth in the Consumer Products Regulation or Aerosol Coating Regulation, including the VOC or reactivity limits, ingredient prohibitions, labeling, reporting, displaying the date of manufacture, and other administrative requirements. (Cal. Code Regs., tit.17, §§ 94509–94515, 94520–94526.) If anywhere on the container of any consumer product or aerosol coating product, the manufacturer represents that the product may be used or is suitable for a specific use in which a lower limit applies, the lowest applicable limit shall apply. (Cal. Code Regs., tit.17, §§ 94512(a), 94524(a).)
- (4) **Penalty Provisions.** Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to ten thousand four hundred seventy dollars (\$10,470) for strict liability violations for each day in which the violation occurs. (Cal. Code Regs., tit.17, § 94507 et seq.; Health & Saf. Code §§ 39674, 39675, 42400 et seq., 42402 et seq., and 42410.)

CASE BACKGROUND

- (5) **Corporate Entity.** At all relevant times, PPG was organized under the laws of Pennsylvania as a corporation and conducted business in California.

- (6) Allegations. This Settlement Agreement settles Notice of Violation (NOV) CP20-01-01, which was issued on January 31, 2020. CARB alleged PPG violated the Consumer Products Regulation by selling, supplying, offering for sale, or manufacturing for use in California: a) Amercoat 65 Thinner that is subject to and exceeded the aromatic compound content limit of one percent by weight for the Nonaerosol Paint Thinner category; and b) Amercoat 911 and PPG Slow Thinner For Low VOC Items that are subject to and exceeded the VOC limit of three percent by weight for the Nonaerosol Paint Thinner category, as outlined in Notice of Violation CP20-01-01. CARB alleged PPG violated the Aerosol Coating Regulation by selling, supplying, offering for sale, applying, or manufacturing for use in California, Deft Clear Wood Finish Gloss, Deft Clear Wood Finish Semi-Gloss, and Deft Lacquer Sanding Sealer which are subject to and exceeded the reactivity limit of 0.85 grams of ozone per gram of product (g O₃ / g product) for the Clear Coating category. CARB alleges that if the allegations described in Paragraph 6 were proven, civil penalties could be imposed against PPG for each and every day the noncompliant product was sold, supplied, offered for sale or manufactured for use in California.
- (7) Acknowledgment. PPG admits to the facts in Paragraphs 5 and 6, but denies any liability resulting from said allegations.
- (8) Consideration. In consideration of the foregoing, and of the promises and facts set forth herein, the Parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed alleged violations and voluntarily agree to resolve this matter by means of this Settlement Agreement. In order to resolve the violations described herein, PPG has taken, or agrees to take, the actions enumerated below within the Terms and Conditions. Further, CARB accepts this Settlement Agreement in termination and full settlement of this matter.

TERMS AND CONDITIONS

In consideration of CARB not filing a legal action against PPG for the alleged violations referred to above in Paragraph 6, and in consideration of PPG's agreement to complete all terms and conditions set forth below, CARB and PPG agree as follows:

- (9) Settlement Amount. PPG shall pay a civil penalty of one hundred forty-nine thousand eight hundred dollars (\$149,800.00 USD), and agrees to fund a Supplemental Environmental Project entitled Side Street Projects - Woodworking Bus (SEP) in the amount of one hundred forty-nine thousand two hundred dollars (\$149,200.00 USD), consistent with CARB's SEP Policy, for a total settlement of two hundred ninety-nine thousand dollars (\$299,000.00 USD). PPG shall make all payments within 30 calendar days from the date CARB notifies PPG of the full execution of the Settlement Agreement.

- (10) Civil Penalty Payment Method. PPG shall pay the civil penalty by check, credit card, wire transfer, or portal, payable to CARB, using instructions provided separately by CARB in a Payment Transmittal Form. PPG is responsible for all payment processing fees. Payments shall be accompanied by the Payment Transmittal Form to ensure proper application. CARB shall deposit the civil penalty amount into the Air Pollution Control Fund for the purpose of carrying out CARB's duties and functions to ensure the integrity of its air pollution control programs. Should payment instructions change, CARB will provide notice to PPG in accordance with Paragraph 15 (Notices).
- (11) SEP Payment Method(s). PPG shall fund the SEP by wire transfer, credit card, or check, payable to the SEP implementer/recipient, Side Street Projects using instructions provided separately by CARB in a Payment Transmittal Form. PPG is responsible for all payment processing fees. Payments shall be accompanied by the Payment Transmittal Form to ensure proper application. Should payment instructions change, CARB will provide notice to PPG in accordance with Paragraph 15 (Notices).
- (12) Prohibition Against Financial Benefit. PPG has agreed that by funding the SEP entitled Side Street Projects - Woodworking Bus, PPG will not receive any direct or indirect financial benefit, and that whenever PPG publicizes or refers to the SEP or the results of the SEP, PPG will state that the SEP is being undertaken as part of the settlement of a CARB enforcement action.
- (13) Assignment of Rights. In the event the SEP Recipient/Administrator does not fully implement or complete the SEP in accordance with the terms of the SEP Agreement, CARB shall be entitled to recover the full amount of the SEP from the SEP implementer, less any amount expended on the timely and successful completion of any previously agreed upon interim milestone(s). CARB will deposit any such recovery into the Air Pollution Control Fund. Accordingly, PPG assigns any and all rights against the SEP implementer to CARB.
- (14) Documents. PPG shall promptly email or mail the signed and dated Settlement Agreement to the address or email in Paragraph 15 (Notices).

- (32) Authority. The undersigned represents that he or she has full authority to enter into this Settlement Agreement.

PENALTY BASIS

- (33) Per Unit Penalty. The strict liability per unit penalty in this case is a maximum of \$10,470 per violation per day under Health and Safety Code sections 42400 et seq., 38580 for violations of the Consumer Products Regulation.

In cases like this, involving unintentional violations of the Consumer Products Regulations where the violator cooperates with the investigation, CARB has obtained penalties based on excess emissions. Penalties based on days of violation are also obtained in some cases. The penalty in this case is for 5.42 tons of excess VOC resulting in a penalty of \$10,937 per ton of excess VOC, 15.15 tons of excess aromatic compounds resulting in a penalty of \$13,672 per ton of excess aromatic compounds, and 2.98 tons of excess ozone formed resulting in a penalty of \$10,937 per ton of excess ozone.

- (34) Emissions. The provisions cited above prohibit VOC and/or toxic compound emissions above a specified percentage for the specified product category. Since

CARB has alleged that the product did not meet the regulatory requirements, the emissions above the specified percentage were in excess and illegal.

(35) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator; voluntary disclosure; and any other relevant circumstances. The penalties are set at levels sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.

(36) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by PPG and confidential settlement communications.
