

APPENDIX A – PUBLIC PROCESS

This Page Intentionally Left Blank

Table A-1 includes information on the series of public workshops and focus area discussions held by California Air Resources Board (CARB) staff to inform the development of the 2022 Scoping Plan Update to Achieve Carbon Neutrality by 2045. The Presentation slides for each workshop and focus area discussion are provided here. All workshop and working group meeting information and materials, including recordings of the sessions, are posted on CARB's [Scoping Plan Meetings and Workshops](#) webpage.¹

Table A-1. 2022 Scoping Plan Update Public Workshops

Date	Title	Materials
April 20, 2022	Public Workshop: 2022 Scoping Plan Update - Initial Air Quality & Health Impacts and Economic Analyses Results Workshop	<i>Presentations</i>
March 15, 2022	Public Workshop: 2022 Scoping Plan Update – Initial Modeling Results Workshop	<i>Presentations</i>
February 15, 2022	Public Workshop: 2022 Scoping Plan Update – Public Health Workshop	<i>Presentations</i>
December 13, 2021	Public Workshop: 2022 Scoping Plan Update – Building Decarbonization Workshop	<i>Presentations</i>
December 2, 2021	Public Workshop: 2022 Scoping Plan Update – Natural and Working Lands Scenarios Technical Workshop	<i>Presentation</i>
November 2, 2021	Public Workshop: 2022 Scoping Plan Update – Electricity Sector Technical Workshop	<i>Presentations</i>
October 29, 2021	Public Workshop: 2022 Scoping Plan Update - Scenario Inputs Technical Workshop	<i>Presentation</i>
September 30, 2021	Public Workshop: 2022 Scoping Plan Update - Scenario Inputs Technical Workshop	<i>Presentation</i>
