# Governor's Budget Process Update

- [May Revision of the Governor's Budget](#) released on May 13, 2022
- Almost all budget items of interest will go through [Assembly Budget Subcommittee No. 3](#) and [Senate Budget Subcommittee No. 2](#). You can use the "Subscribe to Stay Connected" links to sign up for email alerts when agendas are posted, which typically only happens one or two days in advance of a hearing.

# Governor's Budget Process Update

- The agendas will include the staff recommendation (e.g., support as budgeted, reject, or hold open are the most common recommendations). Public comment is always at the end of the hearing and encompasses all items.

# Governor's Budget Process Update

- The Subcommittee webpage will include call-in information about how you can provide public comment on the day of the hearing. Public comment is how you can let the Subcommittees know which items you support and which you oppose. After the budget subcommittee process is over (typically mid-May), the full Budget Committees of both Houses will go through the same process.
