(Angelus), with its principal location at 12060 Florence Avenue, Santa Fe Springs, California 90670 (collectively, the "Parties," or individually, "Party").

LEGAL BACKGROUND

- (1) Purpose. The California Health and Safety Code mandates CARB adopt regulations to achieve the maximum feasible reduction in volatile organic compounds (VOCs) by consumer products. (Health & Saf. Code § 41712.)
- (2) Regulation. CARB adopted the *Regulation for Reducing Emissions from Consumer Products* (Consumer Products Regulation) to reduce VOCs. (Cal. Code Regs., tit.17, §§ 94507 et seq.)
- (3) Regulatory Provisions. Any person who sells, supplies, offers for sale, or manufactures any consumer product for use in California shall comply with the standards set forth in the Consumer Products Regulation, including the VOC limit, ingredient prohibitions, labeling, reporting, displaying the date of manufacture, and other administrative requirements. (Cal. Code Regs., tit.17, §§ 94509–94515.) If anywhere on the container of any consumer product, the manufacturer represents that the product may be used or is suitable for a specific use in which a lower limit applies, the lowest applicable limit shall apply. (Cal. Code Regs., tit.17, § 94512(a).)
- (4) Penalty Provisions. Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to ten thousand nine hundred ten dollars (\$10,910.00 USD) for strict liability violations; respectively, for each day in which the violation occurs. (Cal. Code Regs., tit.17, § 94507 et seq.; Health & Saf. Code §§ 39674, 39675, 42400 et seq., 42402 et seq., and 42410.)

- (28) Authority. The undersigned represents that he or she has full authority to enter into this Settlement Agreement.

PENALTY BASIS

- (29) Per Unit Penalty. The strict liability per unit penalty in this case is a maximum of \$10,910.00 per violation per day under Health and Safety Code section 42400 et seq., 38580 for violations of the Consumer Products Regulation. The penalty in this case is for 0.62 tons of excess VOC resulting in a penalty of \$20,000.00 per ton of excess VOC.
- (30) Emissions. The provisions cited above prohibit emissions above a specified limit. Consumer Products meeting the definition of a Footwear or Leather Care Product (all other forms) are subject to a VOC limit of 15 percent by weight, effective December 31, 2006 (Cal. Code Regs., tit. 17, § 94509(a)). Since CARB has alleged that the product did not meet the regulatory requirements, the emissions above the specified limit were excess and illegal.
- (31) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator; and voluntary disclosure. The penalties are set at levels sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.

(32) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by Angelus or confidential settlement communications.

(33) Effect of Settlement/Reservation of Rights. The following shall apply:

- (a) This Settlement Agreement resolves the civil claims of CARB for the violations alleged in this Settlement Agreement.
- (b) CARB reserves, and this Settlement Agreement is without prejudice to, all claims, rights, and remedies against Angelus with respect to all matters not expressly resolved in this Settlement Agreement. Notwithstanding any other provision of the Settlement Agreement, CARB reserves all claims, rights, and remedies, whether in law or equity, against Angelus with respect to:
 - (i) Noncompliance with or enforcement of any provision of this Settlement Agreement.
 - (ii) Facts that were not disclosed by Angelus to CARB.
 - (iii) Violation of the California Health and Safety Code and its implementing regulations, or other State laws, regulations, or permit condition(s) not expressly resolved in this Settlement Agreement.
 - (iv) Any imminent and substantial endangerment to the public health, welfare, or the environment in California, whether related to the violations addressed in this Settlement Agreement or otherwise.
 - (v) Any criminal liability.
 - (vi) Any claim(s) of any officer or agency of the United States or California, other than CARB.
- (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, Angelus shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by CARB in the subsequent proceeding were or should have been brought in the instant case.
- (d) This Settlement Agreement does not limit or affect the rights of Angelus or of CARB against any third parties not covered by this Settlement Agreement, nor does it limit the rights of third parties not covered by this Settlement

Agreement against Angelus, except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant any cause of action to, any third party not covered by this Settlement Agreement.

- (e) This Settlement Agreement is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. Angelus is responsible for achieving and maintaining compliance with all applicable federal, State, and local laws, regulations, and permits; Angelus' compliance with this Settlement Agreement shall not be a defense to any action commenced pursuant to any such laws, regulations, or permits. CARB does not, by its execution of this Settlement Agreement, warrant or aver in any manner that Angelus' compliance with any aspect of this Settlement Agreement will result in compliance with any provisions of federal, State, or local laws, regulations, or permits.
