

APPENDIX A – PUBLIC PROCESS

This Page Intentionally Left Blank

Table A-1 includes information on the series of listening sessions, public workshops, tribal consultations and meetings, and focus area discussions held by California Air Resources Board (CARB) staff to inform the development of the 2022 Scoping Plan. The Presentation slides for each workshop and focus area discussion are provided here. All workshop and working group meeting information and materials, including recordings of the sessions, are posted on CARB’s [Scoping Plan Meetings and Workshops](#) webpage.¹

Table A-1. Scoping Plan Public Workshops, Listening Sessions, and Tribal Consultations and Meetings

| Date | Title | Materials |
