TRU Identification

List the California Air Resources Board (CARB) Identification Numbers (IDN) issued and unit serial number for all TRUs included in the requested extension. If you are applying for an extension for more than four (4) TRUs, attach a sheet listing the CARB IDN and serial number for all the units.

CARB IDN	Unit Serial Number

Certification

I certify under penalty of perjury under the laws of the State of California the information provided is true, accurate, and complete. Mailed applications must include a signature. Emailed applications require the applicant to type their name in the signature box below, which has the same legal effect.

Owner's Name:
Owner's Signature:
Date of Signature:

Information

TRU owner's may apply for a compliance extension for requirements specified in section 2477.5(a), (b), (c), or (d) if there is no compliance technology available for a specific TRU or TRU generator set within six months of a compliance date. The owner must submit a completed application prior to the compliance date. Owners may submit an application for an additional one-year compliance extension. The owner must demonstrate the absence of any suitable compliance option that can be used on the specific equipment and the owner cannot otherwise meet the requirements of section 2477.5(a), (b), (c), or (d) by the compliance dates.

The application and supporting documents can be electronically delivered by email to: arber@arb.ca.gov (or)

The application and supporting documents can be mailed to:

California Air Resources Board
Transportation & Toxics Division (TRU)
P.O. Box 2815
Sacramento, CA 95812
